

Testo Instrument Service & Calibration

The Testo Service & Calibration Department offer a first class, efficient and competitively priced service. Our UKAS laboratory offers accredited (ISO 17025:2005) calibration in the parameters of temperature, humidity and dew point. In addition, we offer calibration to a wide range of instrumentation and supported by our registration to ISO9001:2008 we are committed to meeting your calibration needs. A selection can be seen below.

If you have any questions please contact our Service Department on **01420 544 433 ext 235** or email **service@testo.co.uk**

UKAS Humidity

Description	Part Number	Price £
UKAS humidity Calibration (11.3/45.3/75.3 %rh at 25 °C)	300520 0202	154.00

UKAS Temperature: Immersion & penetration

Description	Part Number	Price £
UKAS Calibration. 3 point: -18 °C, 0 °C, +60 °C or 0 °C, +50 °C, +100 °C	Various - please call	94.00

ISO Humidity

Description	Part Number	Price £
ISO humidity Calibration (11.3/45.3/75.3 %rh at 25 °C)	300520 0078	96.00

ISO Temperature: Air, penetration, IR, immersion

Description	Part Number	Price £
ISO Calibration. 1 point: -18 °C or +60 °C or +120 °C	Various - please call	31.90
ISO Calibration. 2 point: -18 °C, 0 °C or 0 °C, +60 °C	Various - please call	43.00
ISO Calibration. 3 point: -18 °C, 0 °C, +60 °C or 0 °C, +50 °C, +100 °C	Various - please call	53.90

ISO Temperature: Surface probes

Description	Part Number	Price £
ISO Calibration. 1 point: +60 °C	300520 0096	42.50
ISO Calibration. 3 point: +60 °C, +120 °C, +180 °C	300520 0038	71.50

ISO Air velocity (0.4 to 32.5 m/s)

Description	Part Number	Price £
ISO air velocity (2 points across range)	300520 0010	41.80
ISO air velocity (5 points across range)	300520 0012	64.00

Others

Description	Part Number	Price £
ISO Light Calibration. 5 points	300520 0110	55.00
ISO rpm Calibration. 5 points	300520 0100	60.50
Sound level meters	300520 0104	68.80
Sound level calibrators	300520 0106	29.00

Testo Thermal Imaging Cameras

Testo Thermal Imaging Cameras can be used in a variety of applications including building surveys, plant maintenance, production monitoring, underfloor heating inspections and electrical maintenance. The Testo 875 and 881 quickly and reliably discover anomalies and weak spots in a wide range of applications.

Buy online at: www.testodirect.co.uk

Testo Saveris Wireless Temperature & Humidity Monitoring System

The Testo Saveris data logging system measures temperature and humidity in a variety of applications including production, storage, quality assurance and facilities management.

A key feature of Testo Saveris is its flexible system set-up, offering connection for up to 150 radio or Ethernet probes that can be adapted to individual customers' needs.
